Acuma
HEALTH

CVSHealth.

DESIGN APP SYSTEMS SUPPORT

ACUMA HEALTH

Project developed for Smart Monitor company, leader in digital solutions for health management. We developed the Acuma Health's application and web portal, which helps in the registration and monitoring of data on patients with chronic diseases.

DESIGN APP SUPPORT

QUE

iOS and Android application under development. An app made for customers, barbers and barbershop owners, which promises to revolutionize the experience of going to the barber!

COMING SOON

DESIGN SYSTEMS SUPPORT

SURESHIELD

Creation of SureShield's system interface, a leading company in software technology for compliance and risk management , with a focus on usability to improve the user experience.

The screenshot shows the onShore Security system interface. At the top, there is a navigation bar with icons for Home, Settings, and User Profile (Peter). Below the navigation bar, there are six large status indicators: DOMAIN/IP (0), CREDIT CARD (1), BOTNET INFECTIONS (2), CREDENTIALS (5), DARK WEB CHATTER (0), and ADHOC SEARCH (1). A message at the top center states "LAST CHECK: JANUARY 13 2019 - 1:09 PM". Below this, there is a Kanban board with four columns: TO DO, DOING, DONE, and APPROVED. The TO DO column contains two tasks: "Call Bank and Block Credit Cards" (due Jan 20) and "Ask for New Credit Cards" (due Jan 21). The DOING column contains one task: "Change LinkedIn Password" (due Jan 17). The DONE column contains one task: "Ask IT to Change E-mails Passwords" (due Jan 17). The APPROVED column contains one task: "Notify IT" (due Jan 17). At the bottom left, there are three small icons: a plus sign, a question mark, and a gear. At the bottom right, there is a copyright notice: "powered by SURESHIELD. © Copyright 2019 - All rights reserved".

DESIGN SYSTEMS SUPPORT

INTEGRITY MANAGER*

Aegify is the world's first exclusive software solution for risk, security and compliance management. We redesigned the Integrity Manager web app interface with a professional approach and a more sophisticated user experience to improve usability and attract more customers.

The screenshot displays the Integrity Manager web application interface. At the top, there is a header bar with the Aegify logo, a search bar, and several navigation icons. Below the header, a dashboard area shows various performance metrics in colored boxes:

Category	Value	Sub-categories
REGISTRATION	2865	2125 PENDING, 723 INVITED, 17 REGISTERED
REQUESTS	1	24 OVERDUE, 1 IN PROGRESS, 0 UNOPENED
AUDIT	16	2 VALIDATED, 14 INCOMPLETE, 0 MISMATCH
ASSESSMENT	1	8 IN PROGRESS, 0 REOPENED, 1 REOPENED
VULNERABILITY	1497	1 HIGH, 0 MEDIUM, 0 LOW
SANCTIONS	366	6 CURRENT, 0 HISTORY, 360 PARTIAL
RE-ASSESSMENTS	2	0 DUE 90 DAYS, 0 PAST 30 DAYS, 2 PAST DUE

Below the dashboard is a map titled "MY BUSINESS ASSOCIATES" showing the locations of business associates across the United States. The map includes state boundaries and several location markers. To the left of the map is a vertical sidebar with icons for registration, requests, audit, assessment, vulnerability, sanctions, re-assessments, tasks, and various status reports. At the bottom of the screen, there is a footer bar with a news feed icon, a Health IT Security logo, and the text "How Evolving Cyber Threats Affect Health Data Encryption -".

DESIGN APP SYSTEMS SUPORT

HELO*

Application developed for booking helicopter and private jet flights. In the app, the user can book a trip, buy a seat on an existing flight or create an exclusive or shared flight to fly whenever he wishes.
